

THE INTERNATIONAL SOCIETY
FOR GYNECOLOGIC ENDOSCOPY

PROMOTING VAGINAL SURGERY

VIRTUALENDO₂₄

March 20 - 21, 2021

Dear Partners in Industry

Welcome Message

My name is Viju Thomas and I serve as the honorary secretary of the ISGE. Please lend me your imagination and visualize the dream I have created.

Imagine if you will, a 24-hour non-stop congress where international experts share their knowledge with us. Is the idea mind boggling? Certainly, the concept is novel as such a marathon has never happened before! More importantly our participating societies hold hands with us as we breathe life into this idea.

On the 20th March 2021, at 8 am on a sunny morning in Cape Town, the world will wake up to the start of this epic congress. We begin this meeting in the cradle of mankind as Africa and Europe simultaneously keep the flame burning till 4pm. These 2 great continents will share the spotlight for 8 hours of detail on the latest information, clinical experiences, challenges, nuances and controversies surrounding this enigmatic disease.

As the world watches on their screens, and the clocks tick, the sun will slowly rise on the continents of North and South America as they take up the torch on this global stage to share their knowledge and experiences with the world.

As the sunlight begins to fade on these continents it will start to shine on the continents of Australia and Asia. Among others our friends from Eastern Europe, Russia, the sub-continent of India and the great nation of China will take their turn, as we borrow from their knowledge.

The world will rotate and revolve, the sun will once again rise in Africa and Europe as we complete our journey absorbing the contributions of the world.

Endometriosis affects one in ten women, roughly 170 million women around the world resulting in a huge burden of disease. This condition alters the patient's quality of life, fertility and causes chronic pain syndromes.

To this end we are proud to introduce the only congress ever held where all these international societies are represented and sharing their knowledge and experiences.

Collaborating Societies involved in this meeting include besides the Endometriosis Foundation of America :

AAGL, AFSGE, AGES, APAGE, BSGE, CAGES, EEL, ESGE, IAGE, KESES, MAMIGS, SASGE, SEG, SACIL, WES.

The cost of burden for endometriosis was evaluated in an Australian study which concluded that it costs \$16,970.00 to \$ 20,898.00 per woman per year (Amour 2019) and it is our responsibility to ensure that this burden is carried by more than just the patient and society.

In my opinion, industry plays a massive role in the strategy to harness this condition. Industry partners pivotal to our cause are companies providing drugs to alleviate symptoms such as pain, hormonal suppression, gastro-intestinal relief to name a few.

In order to address this disease, we need "A Power Team". This team consists of medical personnel but also partners working in research, patient advocacy and patient information groups.

Please join us as we invite you on this epic adventure together.

Viju Thomas
Congress President

Resad Pasic
President ISGE

Bruno Van Herendael
Medical Director ISGE

WHO WE ARE

The International Society for Gynecologic Endoscopy (ISGE) was formed in 1988 by a group committed endoscopists from Europe and North America, who were soon joined by others from all over the world. They recognized the need for a scientific group who would meet at regular intervals to share their knowledge and expertise in gynecologic endoscopy.

WHAT IS OUR GOAL?

ISGE's goal is to establish an international forum for the exchange of information and new ideas between gynecologic endoscopists. ISGE provides leadership and unprejudiced academic excellence in this highly important field, they promote safety and competence in gynecologic endoscopy through education and Training Programs around the globe and they scientifically investigate and evaluate new endoscopic techniques and procedures to support our members in supporting women's health everywhere.

WHY SPONSOR US?

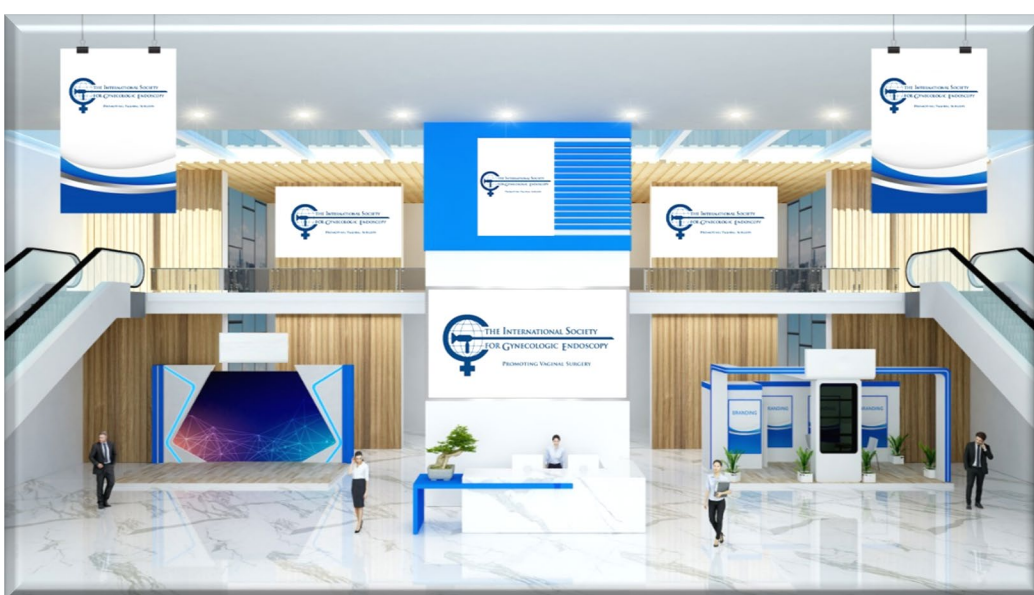

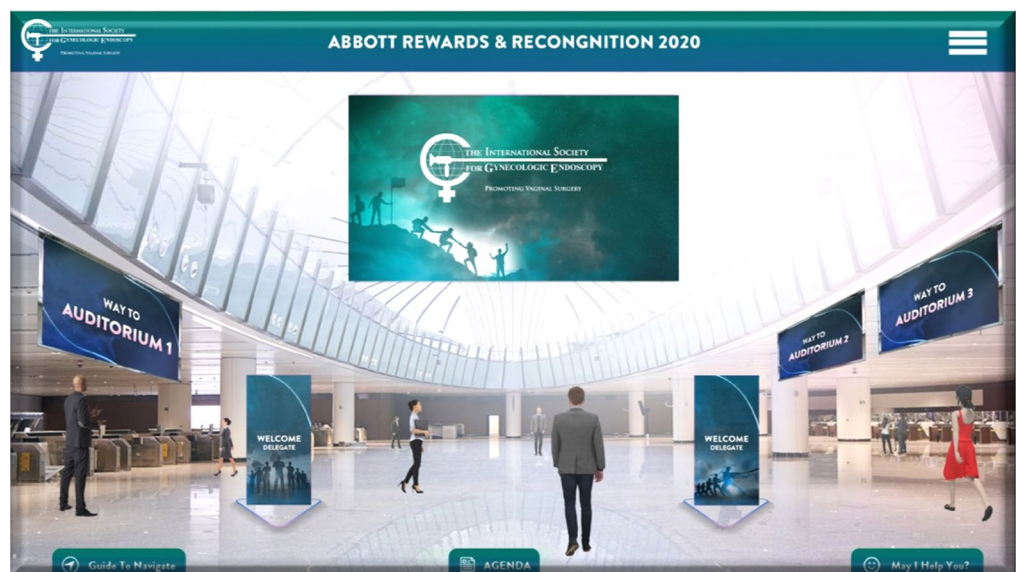

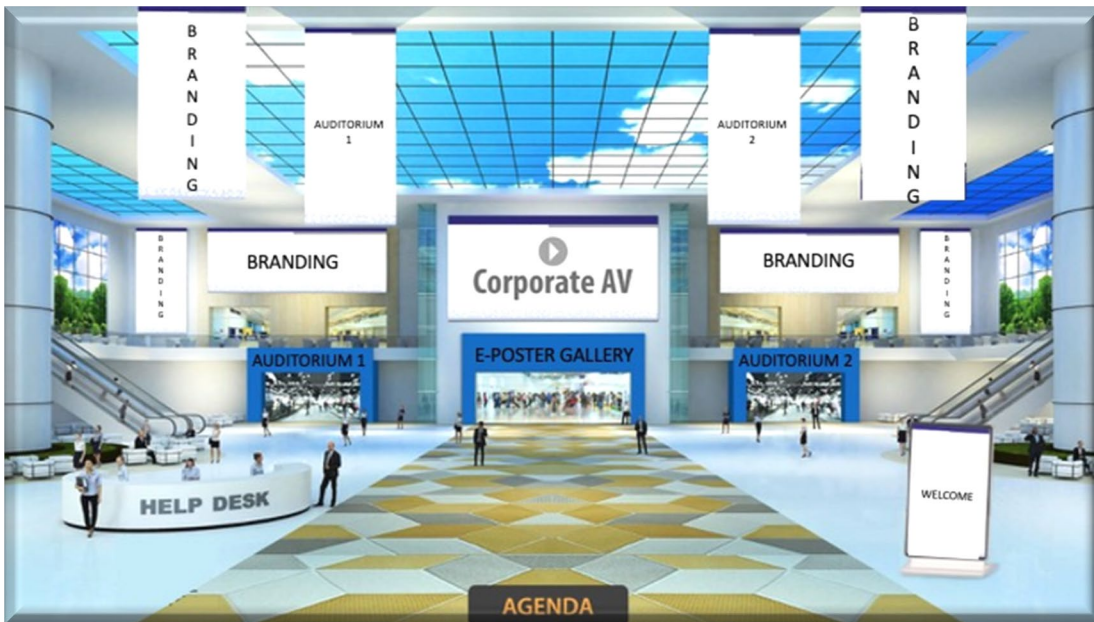

ISGE is at the forefront of key techniques, procedures, education and training in the field of gynecologic endoscopy. We are one of the leading associations the world in Women's Health. This meeting will provide you access to these leaders, students, partners and other healthcare professionals.

Terms and Conditions

Terms of Payment:

All invoices must be settled within 30 days, non-receipt of payments may result in release of reserved items

Cancellation Policy:

All cancellations must be made in writing to the Congress Secretariat and the following cancellation policy will be enforced

50% of the contract price if cancellation is received up until 2 months before the start of the congress

100% of contract price if cancellation is received less than 1 month before the start of the congress

Liability:

The Organisers accept no responsibility for any losses if the sponsored event is not performed because of any obstacle or hindrance outside the control of the Organisers, which the Organisers could not have reasonably foreseen when signing this contract and which the Organiser could not have avoided at a reasonable effort or cost.

Such obstacles and hindrances include, but are not limited to, the outbreak of a pandemic, war, civil riots, governmental or other obstacles for the freedom of travel, union actions, natural disasters, fire, flooding or any other circumstances that fall within the meaning of the above.

Terms and Conditions on: www.isge.org/
